Dear Honorable Judge Dennis Montali,

RE: PG&E Corporation -and- Pacific Gas and Electric Company

Bankruptcy Case No. 19-30088 Chapter 11

PG&E's Omnibus Objection of Claim# 30916. This is a Response to request approval of distribution on Claim No. 30916

(i) Bankruptcy Court - United States Bankruptcy Court, Northern District of California, San Francisco Division

Reorganized Debtor - PG&E Corporation and Pacific Gas and Electric Company

Case Number 19-3008

Notice of the Reorganized Debtors' Forty-Fourth OMNIBUS Objection to Claims

(ii) Creditor - Richard S Tanner

Proof of Claim No. 30916

(iii) Explanation for the amount of Proof of Claim: The amounts claimed, \$5,614.26, are the costs covering the electrical repair and costs of appliances and electronics damaged during the installation of the PG&E smart meter.

Statement setting forth the reasons why the court should not sustain the Omnibus objection: The damages being claimed were caused by faulty installation of the PG&E smart meter. Due to the age of the home objections were made to PG&E personnel and PG&E assured us that having the smart meter installed would not cause damage and would improve the accuracy of electrical use readings. However, during installation appliances, electronics and electricity were damaged/compromised.

(iv) I Richard S Tanner declare under penalty of perjury that I have the knowledge and relevant facts that support the Response.
